

## ENMARK CHOOSES AUTEC TO GET THEIR

# MISSION ACCOMPLISHED

"Our mission statement is literally our guide for day-to-day business," said Enmark's vice president & general manager, Jim Mercer.

"After gaining experience with other friction washes and touchless systems as well, we believe that **AUTEC's Soft Cloth Car Wash** systems are best suited to enable Enmark to accomplish our mission. The exceptional wash quality keeps our customers coming back, **AUTEC's** maintenance plan is more of a partnership than a program, and downtime is practically nonexistent. Damage with the **AUTEC** system is *insignificant* compared to the wash quality and customer satisfaction.

Over time, I've come to realize that what **AUTEC** promotes about their system is true. Their people have a wealth of knowledge and it's accurate! Simply put, you can trust them! If I were going to sell car washes for a living, I'd definitely want to sell **AUTEC**. **AUTEC** really is the logical choice!"
