

AUTEC CAR WASH SYSTEMS & Fountain Plaza

**A Classic Combination
of Quick Lube, Car Wash & People Who Care**

2 Quick Lube Bays, 1 AUTEC Soft Cloth Automatic, & 4 Self Service Wash Bays

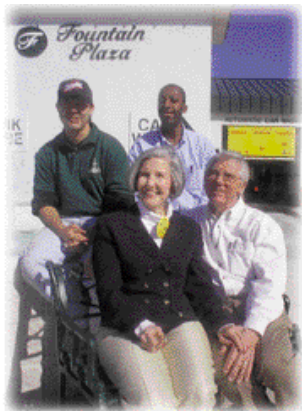

Quick Lube & Car Wash Bays Always Busy

"No lube center should be without an **AUTEC Soft Cloth Car Wash**. You only change your oil every three thousand miles, but you can wash your car at least once a week," commented Miriam Hammond, of Fountain Plaza Quik Lube and Car Wash Center in LaFayette, Georgia. "Just think of the revenue operators are forfeiting when they rely totally on a quick lube for their income."

"We decided early on that we wanted a quick lube/car wash combination," said Dewey Hammond. "We researched car wash systems for months before deciding to purchase our **AUTEC**. We toured manufacturing facilities, interviewed distributors, visited installations and discussed car wash performance with operators of all types of car wash systems. Our determination was that the **AUTEC Soft Cloth** system is more reliable, more profitable, cleans more thoroughly, and is better constructed than other systems on the market. The people at **AUTEC** still have a grasp on the concept of 'a personal touch.' Just a week or two after our opening, **AUTEC's** president called to see how things were going and to see if he could do anything for us. You just don't see that in a lot of companies today. That's the big picture of what **AUTEC** does for Fountain Plaza, but the bottom line is . . . They keep our customers coming back!"
