"If I could find another good site, I'd install another **AUTEC** system today! You simply can't beat your dollars' return with **AUTEC's** low operating cost," Jerry Story, co-owner of Pro Wash USA of Lincolnton, commented. "I just hate that we didn't team up with **AUTEC** five years sooner. When we were looking around at car wash systems, one thing that definitely stood out was **AUTEC's** reputation of excellent equipment and service." "**AUTEC's** people are good to work with and they are constantly providing us with information as new technologies and equipment become available so that we stay up-to-date, Don Story added. I think this is vitally important."

Pro Wash USA of Lincolnton consists of: 6 self-service bays one **AUTEC** automatic soft touch system, 6 vacuum systems and a full line of vending products.
